

**PRODUCT NAME:**  
**WiserShield™ 61 Activator**

## DESCRIPTION

**WiserShield 61™ Activator** is a purified inorganic salt produced by removing water from a naturally occurring brine solution. The brine process does not involve reactions with chemicals such as hydrochloric acid or ammonia. The National Organic Standards Board noted this distinction when it classified the brine process as “non-synthetic.”

## BASIC USES

- Ice melting
- Dust control
- Concrete Acceleration

## MAJOR ADVANTAGES OF WISERSHIELD™61 ACTIVATOR

- ASTM classification for WiserShield 61™ Activator is Type S, Grade 1, Class A
- Low toxicity activator

## STORAGE

WiserShield 61™ Activator is both hygroscopic and deliquescent. This means that the product can absorb moisture from the air, even to the point of converting to liquid brine. For this reason, WiserShield 61™ Activator should be protected from excessive exposure to moisture to maintain product quality while in storage. Store in a dry area. Opened packages should be tightly resealed after each use.

*Refer to Application Data sheet for Additional Precautions and Safe Handling Procedures.*

## WARRANTY DISCLAIMER

The information contained herein is based on available data and is provided for information only. CRC™ makes no warranties, guarantees or conditions, expressed or implied, regards the accuracy of the data or its use therein CRC™ will not be liable for any damages arising from the use of the information product described on this data sheet. Product data subject to change without notice.
